Greetings Mr. Gunter,

Hoping all is well with you.

I just wanted to touch base with you. I received a report that cardboard and recyclable material was being stacked outside of the above listed location on the sidewalk. In our last correspondence I mentioned that we provided a service for these business's by removing their excess cardboard and recyclables. Since we are no longer providing this service, the business seems to be overflowing with material. They may be unaware of the change. It may be wise to notify the businesses that we will no longer be removing their excess material.

Thank you! Please let me know if you have any questions.
